Curate's Corner - Rev Coryn Stanforth

One of my earliest memories is being taken to Norwich Airport by my mum. It felt like a very long walk from home for a small child. When we arrived, we did not enter the airport but joined a large crowd on the pavement of the road leading into the airport. I was clutching my Union Flag tightly in my hand. There was a sense of anticipation and excitement. Eventually, a large car appeared further up the road. The gathered crowd began to cheer. I finally got to wave my flag. As the car drove past us, I got a glimpse of Queen Elizabeth II. The Queen was celebrating twenty-five years on the throne. In July 1977 she had arrived in Norwich as part of her Silver Jubilee celebrations.

This month another momentous celebration will be taking place, that of her Platinum Jubilee. She will be the first British monarch to celebrate seventy years of service. Seventy years as monarch is an amazing achievement. As the Queen's reign has progressed, she has become more open about the strong Christian faith which is the foundation of her life.

The monarch is the Supreme Governor of the Church of England as the established Church. She can be seen on television attending public worship at Christmas and Easter as well as usually distributing the Maundy money and attending the Remembrance Sunday service at the Cenotaph.

We get the biggest glimpse of her faith in her Christmas messages. Unlike the Queen's speech in Parliament, her Christmas message is not regulated by the government. In her 2017 message to the nation the Queen said:

"Billions of people now follow Christ's teaching and find in Him the guiding light for their lives. I am one of them because Christ's example helps me see the value of doing small things with great love, whoever does them and whatever they themselves believe."

The Queen's openness about her faith, as well as her motivation to serve the country offer an example to all.

There are lots of celebratory events planned for the long Jubilee weekend of 2nd- 5th June. Please have a look at what is being held and join in the celebrations.

Some good news from the practice. We have a new salaried GP, Dr Thomas Watchman joining us from the 12th of May. The team welcome him with warm and open arms and we know this will work out to be a wonderful working relationship. I asked Tom to write something about himself as a way of introduction to our community and he was very modest and I had to prod him to add some more. This is what he has to say:

Hi, I am Thomas Watchman, the new GP at Long Stratton. People generally call me Tom. Here is a bit about me: I grew up in London, then moved to Manchester to study medicine. I stayed in Manchester for more than a decade, where I continued working as a doctor after graduating. I went on to complete my specialist training to qualify as a GP. Over the past few years, the time has felt right to move closer to family, especially with a baby on the way. We searched all over the south and east, viewing houses as far away as Crawley, and finally decided on Norfolk and Norwich as the perfect place to settle and grow our family. I am very excited about starting as a GP in Long Stratton and meeting members of the community. While looking for a practice to work at, Long Stratton became very appealing, as everyone seemed very friendly, and I got a real sense that the team were striving to provide the best care possible. My previous experience has been working in a large city, and I am looking forward to learning and helping in a new setting.

I have a special interest in teaching and hope to contribute to training and mentoring the next generation of doctors to ensure the future of healthcare, particularly general practice, is bright and hopeful. Part of this interest involves writing study books and creating online content for medical students. Students seem to find these resources helpful, and they also help keep my medical knowledge up to date.

I enjoy spending time with family, getting out in nature, exercising, and drinking coffee in my spare time.

Warm welcome Tom to our Team LSMP!

Partnership

The future of Partnership

The Community Magazine for the Parishes of Newton Flotman & Swainsthorpe

We need your feedback

Partnership is delivered free to every household in Newton Flotman and Swainsthorpe and Saxlingham Thorpe – almost 900 copies. Costs of producing **Partnership have risen by 75% in 6 months.** Newton Flotman PCC (the church) produces it for the villages and it has been funded via advertising revenue **but we are facing a shortfall which the PCC funds cannot sustain.** We are keen to reduce our carbon footprint and **in order to make a decision about the future we need feedback from our advertisers, contributors and readers.**

Do we go online via Facebook and the Tas Valley and Parish Council websites with a limited print run for those who need a hard copy? Advertisers, will you still advertise with us on that basis?

Please contact Kirsten Remer 01508 471580 kirstenremer@gmail.com if you would still like a hard copy or know of those who would. This will be useful in helping us make a decision as to the way forward.

Do we slim it down and seek sponsorship per edition (like Saxlingham's 'Contact'). Regular contributors, can you make a contribution – one off or ongoing? Please contact the editor, Caroline Wolfe caroline@uv6.com, William Ball or Kirsten Remer **01508 471580 kirstenremer@gmail.com** with your feedback.

Thank you so much for those who donated this year. News of the amount raised through the Village Café event and envelope donations will be published in next month's edition.

New Services Available in Norfolk

New Information, Advice, Representation and Advocacy services are launching in Norfolk, providing residents with smoother access to the services they need, free of charge.

The free support, funded by Norfolk County Council, will be available to anyone in the county who needs help identifying which organisations in the county can help them, as well as helping them access those services. By offering information and advice via phone or email to anyone needing further information on services available, the service will help match people to the services they need.

The Information, Advice and Representation Service can be contacted via the Norfolk Community Advice Network by calling the freephone number 0333 996 8333 or by email at helpline@ncan.co.uk and the Norfolk Advocacy Partnership on 01508 491 210 or email info@equallives.org.uk.

To find out more information please visit the Norfolk Community Advice Network website at <https://ncan.co.uk/>

Newton Flotman Charities

The pandemic and lengthy restrictions have placed a burden on household resources, especially with regard to the needs of growing children such as school uniforms, new shoes etc.

Although we are a small charity with limited resources, we may be able to contribute to the expense involved.

If you live in Newton Flotman and would like us to help, please complete the **Grant Application Form** which can be found on the Parish Council website.

<https://www.newtonflotmanpc.co.uk/charities>

All requests will be treated in the strictest of confidence.

Please Keep Dogs Under Control!

On two occasions recently, we have discovered a dog disturbing our pets in our garden on Flordon Road. To access our garden, the dog would have had to go through someone else's garden.

Several dog walkers let their dogs off the lead on the track which runs off Flordon road next to *Rosewood*, and along the adjoining field. Even if permissions to enter that land have been granted (it is not a public right of way) dog owners need to be aware of their liability should their dog be off the lead.

Jobs In The Garden This Month - Royal Horticultural Society

June 21st is the longest day of the year, and the extra light and warmth encourages the garden to put on an exuberant burst of growth. But this extra light and warmth also means weeds will sprout up from seemingly nowhere. Keep on top of them by hoeing regularly in dry conditions. Other jobs to be doing this month:

1. Position summer hanging baskets and containers outside
2. Be water-wise, especially in drought-affected areas
3. Pinch out side shoots on tomatoes
4. Harvest lettuce, radish, other salads and early potatoes
5. Hoe borders regularly to keep down weeds
6. Mow lawns at least once a week – but consider leaving some areas uncut for wildlife
7. Plant out summer bedding
8. Stake tall or floppy plants
9. Prune many spring-flowering shrubs
10. Shade greenhouses to keep them cool and prevent scorch
